

Angels all around us, before our very eyes  
We know two personally and that is no surprise  
Always ready to help make life easier for you  
They seem to know your needs before you do  
Whenever a need arises there those two are  
From 'driving Miss Daisy' to lending you  
their car  
To whatever the need they are  
always alert  
Looking to brighten one's life,  
wanting to please  
From running an errand to a big pot of macaroni and  
cheese  
Life is never a chore with friends like these  
When God gives awards they'll be His first pick  
Those wonderful angels named Jerry and Dick  
*-Don Husted-*
