

LOVE--WHAT IS IT?

Well, Love is talked about by most folks
And Love is the 'butt' of many jokes.

'Tis said to be rather quaint
Like... "Love is blind, but the neighbors ain't!"
Love according to Hollywood is quite fickle
To some it ain't worth a plug nickel.

But now to answer that quiz
Take it from someone who knows what love is.
Love is doing what needs to be done
Constantly giving of yourself to everyone.
Love is nothing complicated, nothing new
Quite simply put Love is... YOU!
