

## LOVE IS SPELLED

There is a family that number nine  
The neatest thing about them is that they're mine  
All alike yet different from each other  
And praise the Lord! I married their mother  
There are three girls and six boys  
All are our pride and joy  
Yes, six boys and three girls  
Every one like perfect pearls  
Of all the great things in life I've had  
The greaiest of all is being their dad!
